as there was a \$50 suit depending on the best two of the first three between this pair, and Burns had not forgotten the \$200 dinner he lost on the spring series.

The games were quickly played and were very free from errors. The batting was quite equal on the whole day. There was very little dissatisfaction with Umpire Cantillion's work, and the games were enjoyably clean, for which the aggregate of over 8,000 people gave thanks. Manager Stallings was presented with a beautiful diamond ring by local admir-

ers before the second game.

There were fielding and batting features galore in the afternoon game. The day had cleared finely and over 6,000 assembled at Bennett Park, crowding around the outfield fences until ropes were stretched and a two-base hit ground rule enforced. The Tigers batted in rare luck and thereby won, although Miller did not pitch so good a game as did Gear, the hits being equal, and Miller giving seven bases on halls. However, the harm that would ordinarily come from such pitch-ing as that done by the premier of the local staff was prevented by the wonderful support of his fielders, five deuble plays being made behind him and putting

the Washingtons out of the game. The real star catch was in the fifth when Nance started a two-bagger into the left field crowd. Foster raced for it and just as he got to the edge of the crowd, he stuck up his gloved hand and pulled down the sphere. The crowd went wild over the fine effort, and forced Fos-

eleven assists and three put outs, and starting four of the double plays. work of Casey and Gleason was likewise brilliant and the outfielders had a com-parative loaf. Clingman put up the best game for the Senators.

Waldron and Holmes led with the stick and Miller had one of his big days, hit ting for two bags twice. Gear also found the ball, one of his hits scoring two runs opened up the game with a sharp hit, but three fast infield plays end ed the inning with no runs. In the other half Holmes hit safely and reached the on Gleason's two-bagger. Poster had hit for two bases with one out in the second and Coughlin drove a hard one to Elberfeid, who got it on the jump and had the ball to Casey in time to head off Fos ter and cause him to be run down.

Waldren and Farrell hit safely with noout in the third and Dungan tried to bunt. He missed one, which Mc Allister threw perfectly to second and Waldron was caught off ten feet by Elberfeld. In the fourth Clarke hit and stole and went to third on a play. Foster slammed one to deep centre, but Elberfeld pounced on it and by a great throw made

Clarke an easy out at the plate. Nance, Dillon, and McAllister hit in succession in the last half and nobody ! was out, but Gear pitched finely and only one scored, and that was on a fly-out to

Miller had a bad spell in the fifth, when eight men faced him and he gave four bases on balls, yet his support was such that this wildness and two singles pro-duced but two runs. Gear walked and on Waldron's grounder there was a double play. Farrell got a pass and stole, scor-ing on Dungan's single. Clarke hit safely out a victory in the last inning in the and when Grady had walked the bags aftern were full. Miller also gave Foster four wide ones and forced in a run, but Cough

lin put one in the air and it was all over. The score was still a tie when the De troits went to bat in the sixth and there were "doings." Gear dropped the throw from Grady on Dillon and the runner stole second. McAllister struck out and Miller hit one to the fence for two bags Barrett flow out and Holmes hit safely Casey got four balls and Gleason's hit scored Miller and Holmes.

Then came one of the funniest plays ever seen on a field. Elberfeld singled right and Dungan threw to the plate to head off Casey, but falled. Elberfeld wa coing on to second and Clarke passed the all to Farrell, Gleason making a dush or home meantime and Farrell firing the

ball back, again too late. Elberfeld kept on to third and beat Clarke's throw there and everybody was yelling. When this exhibition of sand lot playing was fulshed Detroit had five runs.

Miller steadled down somewhat, but in the eighth Foster was again given a base and Coughlin hit for two of them, both men scoring on Gear's fine drive. Score of afternoon game:

Morning Game.

The weather was very threatening this morning, but no rain fell. Detroit went away with a rush and was never headed in the contest, Cronin having great control and being able to work out of tight holes by the aid of his clever support. The local infield put up a wonderful game and Barrett was a star in the outer garden, making one throw to the plate that was a beauty. Farrell played a fine game, including a great one-handed jump catch of Carecy's liner in the first inning. Clarke was also very settive and some of Clingman's stops were fine.

Clingman led wit's the stick and Dunkan and Holmes were next. The sacrificing of the Tigers was very accurate and timely. Washington started off as though to clean up. Waldron made a scratch hit and Farrell a little two-baser. Dungan went out and Clarke drove a fast one to Gleason, who malled Waldron at the plate.

Detroit had much better luck. Barrett was hit and scored on a three-bagger by Holmes. Gleason sanked the bail for two

DETROIT, Sept. 2.—The Tigers more than evened up their early spring adverses at the hands of the Washingtons by winning both games from Manning's team today, and doing it in a very clean and impressive manner. BASEBALL GOSSIP.

A special despatch to The Times from formation received today from a National League magnate, there will be opposition baseball for Jimmy Manning in Washington next season. This gentleman stated the story about Manning getting National League players for next season is true. He says Ned Hanlon will move the Brooklyn club bag and baggage to Washington, and that the old park will be re-modeled. This informant says Pitcher Lee has signed with Manning for next season, and that the Washington team will be made up as follows: Clark and will be made up as follows: Clark and Jacklitsch, catchers; Orth, Carrick, Lee, and Townsend, pitchers; Doyle or Tenney, first base; Farrell, second base; Coughlin, shortstop; Wolverton, third base; Delehanty, left field; Waldron, centre field, and another National League star, right field. Clingman, Grady, Dungan, Mercer, Patten, Foster, and Gear are omitted from the list of next season's players.

The Chicago National League club, in American League, whereby it was to have the choice of any two players in the Amer-ican League, has selected Elberfeld, of the Detroits, and Isbell, of the Chicago White Stockings.

"I believe that President Johnson will reinstate Shugart," says Hugh Duffy, "He might keep him out of the game for the season, but when it is over I have no doubt that Shugart will be allowed to play

The Old Mare on Her Good Behavior -Outclasses Her Field in the Mud-A Driver Thrown, But Unhurt-Anna C. Wins in the Named Race. Labor Day races at the Brightwood

Driving Park attracted a large crowd of lovers of the harness horse. The early afternoon was ideal, neither too warm nor too cool, and with scarcely a leaf stirring until the horses in the named race were about to be called for the final heat. A day of good racing was presented to the public. The most exciting event oc-curred in the second heat of the named race. Velvet, a handsome black mare, just as she turned into the stretch on the first half-mile, struck the right tire of her sulky with her heel. The wheel gave way and Dollman, the driver, slipped out and rolled over on the track. He was not hurt in the least and quickly regained his

The mare dashed on and ran about a quarter of a mile, clicking the sulky wheel of Anna C. and giving Bedford, her driver, a close call from being thrown. Velvet stopped of her own accord. She was scratched, but not seriously injured.

The 2:30 trot and pace proved a shock to the knowing ones. J. M. B. and Maud Hoston were looked upon as the best of the starters. They sold about even in the pools before the first heat. Nellie T. was was considered better than Happy Rus-

The betting on the final heat was: Nellle T., 1 to 3; Maud Hoiton, even; J. M. B., 2 to 1, and Happy Russell, Jr., 5 to 1. Zinda J. was suffering with quinsy, and was drawn after the second heat.

Anna C. was considered a sure winner in the named race, made up of trotters and pacers, that were thought to be even ly matched. She dropped the first heat to Zuiu M., and then went on and took three straight as she pleased. The last heat was trotted in mud an inch deep, but the clever mare outclassed her field in this going, as she did on a dry track.

The judges were C. E. Hortung, A. M. Hoge, and J. P. Clark. Benjamin McCauly was starter.

DISTRICT MARKSMEN WIN

Capture the Hilton Trophy at the Sea Girt Range.

New Yorkers Take the Lend at the Beginning of the Contest, But Are Forced Into Second Place-Cheers for the Victorious Guardsmen. SEA GIRT, Sept. 2.-By a narrow mar-

gin of five points New York lost the Hil-ton trophy match to the District of Columbia today. At the end of the first stage, at 200 yards, New York led by eighteen points, and it was generally pre-dicted that the Empire State marksmen would win. The close of the second stage, at 500 yards, found them only nine points in the lead, and this was wiped out altogether in the last stage, at 600

Pennsylvania fourth. It was a beautiful day for shooting, and when the sharpshooters went to the butts at 200 yards the conditions were almost perfect. The Hilton trophy match was won in 1855 and 1900 by the New Jersey team, and General Spencer selected twelve of the best marksmen in the State to defend the trophy. There was much interest all through the match. Eleven tenms were entered.

At least 500 spectators were at the 200 yard firing-line when the eleven teams negan at 10 o'clock. Before starting the natch, General Spencer called the team commanders together, and insisted that each team should send a representative into the pit, that there might be no sus-pleion of the fairness of the marking. New York sent Major Parker, District of Columbia, Captain Swigart; Pennsylvania, Lieutenant Darte; Rhode Island, Lieutenant Bowies; Maine, Capt. W. H. Watson; Ohio, Captain Magnusei; and Massachusetts, Captain Force. Charles Parker, of New Jersey, is Capt as range officer in the pit. To Major Kirby's enquiry concerning the credit to be given ricochet shots, General Spencer directed that any bullet going through the target should be counted. The Cana-dians used the Lee-Enfield gun. They were, of course, handicapped by the standing position at 200 yards. At home

they shoot that distance kneeling or The New York team won with ease the 260-yard stage of the Hilton trophy match. It defeated the District of Columbia team by eighteen points and New Jersey by twenty-one. The exhibition of fine shooting given by Colonel Thurston's men attracted the attention of the other teams, who gathered back of the New York scoreboard, the New Yorkers shooting with deliberation, and being the last to

> sharpshooters, and no one could figure out how they could be beaten. The Washington boys said nothing, but it was evi-dent that they were not going to lose without putting up a hard fight. The interest was now centred principally in the three leading teams, but itwas seen that New Jersey was losing ground. Keen attention was attracted by

ground. Keen attention was attracted by New York and the District of Columbia, and when the second stage of the match was over the New Yorks were nine ahead of the Washingtonians.

Even then it was believed that the New York men would at least hold their own at 600 yards. When the first six men of the District of Columbia and New York teams had shat, the latter had lost the lead of nine points and had fallen behind. The match was finished at 6 o'clock. When the scores were counted and it was seen that the District of Columbia had won, three rousing cheers were proposed for the team.

New York would have tied the score had not Captain with shot on the wrong target. He got a bullseye, but it did not count. But even had the score been tied, New York could not have won the trophy, as its score was lower than the District of Columbia on the leng range.
